Specification Sheet

Cable Sleeve "Y"

Cable Sleeve for Low Voltage Control &
Power Interconnect applications

Fits Prop and Scenery Lights SJTW type 2 conductor 18 awg Cable

P/N: CSY2-7.2x3.0

Specifications:

- Application: Cable dressing and protection of 2 conductor low voltage 7.2-7.4mm round jacket cable in LED Lighting power and interconnect systems.
- Usage system volts: 12 – 24 DC Typical.
- Material : Black vinyl
- Maximum operating temperature: 50 °C
- Composition: Rohs
- Intended use: Internal wiring or external interconnection of electronic equipment.

Dimensions:

- Fits O.D. of cable Jacket Insulation: 7.2 - 7.4mm (0.28" – 0.29") Typ.
- Fits O.D. of inner conductor insulation: 2.85 Typ. / 3.0mm Max.
